

The screenshot shows a Tilix terminal window titled "Tilix: ariverarodriguez@cis106: ~". The terminal has a dark background with light blue text. At the top, there's a search bar containing "1/1" and several icons. Below the search bar, the prompt "1: ariverarodriguez@cis106: ~" is visible. The main content of the terminal displays the results of a search for "What is Linux?". It starts with a small icon followed by the question "What is Linux?". Then it provides a definition: "Linux is a Unix-like operating system popular in academic and business environments and is available in many distributions." This is followed by a section header "# 3 Reasons to use Linux:" and a bulleted list of three reasons, each preceded by a yellow star icon. The list ends with a tilde "~". On the left side of the terminal, there are several vertical blue bars of varying heights. In the bottom right corner, the text "1,1 All" is displayed.[illegible]
